SUMMARY

I am a veteran currently making a change in my career path to get into Information Technology, specifically as a developer. I Have taken a intensive training program to learn HTML, JS, Java, CSS, JQuery, and MySQL. I am a fast learning and will learn another language if it suits my job better. I am seeking full time employment can work flexible hours.

SKILLS

Communication- I have had several careers where communication was a must.
Leadership- Ability to see the bigger picture and help delegate in order to complete the task.
Team work- Work well in a team environment, as both a leader and a follower.
Programming Languages- JS, Java, HTML, CSS, JQuery, MySQL

EXPERIENCE

CODEUP San Antonio
Student. 03/2018 – present
Programming everyday to learn HTML, CSS, JQuery, JavaScript, Java and MySQL.

BIG STATE ELECTRIC San Antonio
Electrician. 01/2017 – 02/2018
Learned complex problem solving skills, how to read plans and breakdown problems efficiently.

BEXAR COUNTY JUVENILE DETENTION CENTER San Antonio
Corrections officer. 12/2015 – 12/2016
Learned to have strong communication skills to solve issues and continued to work on leadership techniques.

US ARMY Fort Benning
